

# Say It

**Britt Nicole**

Okay, so I'm gonna say it  
I'm not afraid to say it  
The clocks on my wall keep ticking  
the moments that I keep missing  
Okay, so I must confess that  
I've settled for so much less than  
What You designed  
I'm not taking my life one day at a time

'Cause life is short and quickly passing by  
Father, will You help me make the most of what is mine  
With eyes open wide  
I'm taking You in  
Making the time  
Mean all that it can  
I don't need a sign  
I just need to begin, need to begin like this  
With every second of every minute  
I'm livin' in it and that's how I say it  
Oh yeah, I'm gonna say it, oh yeah, yeah  
That's how I say it  
Oh yeah I'm gonna say it, oh, oh

I got so much to discover  
A hand I could lend another  
A word that could bring some healing  
Is there any better feeling?  
Hold up, gotta see the beauty  
Hold up, gotta let it move me  
I wanna be, with You here in the now  
I'm done missing out

Let me fall in Your arms  
Resting here in Your arms, I found  
A peace like I have never known, like I have never known  
Counting every star  
Nothing's ever too far  
With You here  
I see it all so clear

With eyes open wide  
I'm taking You in  
Making the time  
Mean all that it can  
I don't need a sign  
I just need to begin  
With every second of every minute  
I need you in it

With eyes open wide  
I'm taking You in  
Making the time  
Mean all that it can  
I don't need a sign  
I just need to begin, need to begin like this  
With every second of every minute  
I'm livin' in it and that's how I say it

Oh yeah, I'm gonna say it, oh yeah, yeah  
That's how I say it  
Oh yeah I'm gonna say it, oh, oh  
that's how I say it  
Oh yeah, I'm gonna say it, oh yeah, yeah  
Oh yeah, I'm gonna say it
