

# Don't Jump The Shark Before You Save The Whale

Broadway

I've written a brand new page.  
It's easier when you know,  
you're going the right way.  
Have you ever thought,  
that if we just stopped thinking,  
we'd get exactly what we want?  
What exactly do we want?  
Let the record show,  
that I've pushed through  
to find a new way of seeing and hoping,  
and I plan on waking soon.  
I've written a brand new page.  
It's easier when you know,  
you're going the right way.  
I just never learn,  
it's always the same fork in the road.  
And I turn,  
without knowing where I want to go.  
It's redundant,  
but I'm hoping that it lasts.  
(Just a little bit longer!)

[2x:]

'Cause the heavier the sleep,  
the weaker the reason to think.  
And sleepless nights  
mean something worth being awake for.  
I've written a brand new page.  
It's easier when you know,  
you're going the right way.  
So try your best to finish  
your conversations without regret.  
'Cause left unsaid,  
your soul will start to ache,  
from putting up a fake facade.  
Just say what you want to say!

[Johnny Craig:]

You're hopelessly bound,  
I'm escaping this town.  
This train of thinking,  
is dragging us down.  
Don't tell me what my future is,  
if I choose not to live.

[2x:]

It's not enough,  
we're breaking up and out of sight.  
Just give me some time to think,  
and it will be alright.  
If it was up to me,  
we'd be just fine.

[4x:]

Fine for tonight.
