

# I'll Be Gone

Broder Daniel

Yeah

I won't last long  
Soon I'll be gone  
I won't last long  
Soon I'll be gone

It's all the same to me  
There's nothing to see  
It's all the same to me

I feel so weak  
I won't last long  
I feel so weak  
Weak in the world

It's all the same to me  
There's nothing to see  
It's all the same to me  
I'm not made to last  
I'm not made to last  
I will soon be gone  
Yeah yeah yeah yeah yeah

I won't last long  
Soon I'll be gone  
I won't last long

I'll be gone

There's nothing for me to be  
What will happen to me  
What will happen to me  
Although I'll soon be gone  
I'll still think of you  
Oh I'll think of you  
And I will soon be gone
