

# The Bunker

## Broken Hope

Europe he desired to fuck, own and oppress,  
Hypocrite – gutless fascist cunt now in hiding.

Burrowed deep in a bunker beneath Berlin,  
A thousand-year Reich collapses doomed,  
Far below the Chancellery, fear unnerves them all,  
Blondi died before Adolf and his Aryan whore.

Bite the capsule and bite the bullet,  
A covenant made in blood and brains,  
Madness and cowardice on order,  
Horror reigns in the hell of the bunker,  
Self-proclaimed racially superior,  
His Final Solution for tyrannized inferiors,  
He was the epitome of spineless,  
Dying like a rat in the bunker's bowels.

Hitler and Eva killed themselves – right after their incestuous  
marriage.

Self-proclaimed racially superior,  
His Final Solution for tyrannized inferiors,  
Put into motion by a psychopathic god,  
Dying like a rat in the bunker's bowels.

Inhuman bastards become pure craven frauds,  
Hitler and his fascist cunts hide as bombs drop.

Then the Goebbels took their lives,  
But not before killing their six children.

Europe he desired to fuck, own and oppress,  
Hypocrite – gutless fascist cunt now in hiding.

Burrowed deep in a bunker beneath Berlin,  
A thousand-year Reich collapses doomed,  
Far below the Chancellery, fear unnerves them all,  
Blondi died before Adolf and his Aryan whore.
