

# Hospitalized

BROODS

I've never known how it feels to break  
Stuck in the waiting room  
Thinking, "For goodness' sake"  
Don't wanna be the one to comfort no more  
I wanna be the one on the floor

Do you think I can make it?  
I know you're six feet away, but  
I could get overlooked

'Cause I feel like I'm broken  
But I never got a reason  
So I'm gonna go, I'm gonna push myself  
Until I get hospitalized  
Yeah, I feel like I'm broken  
But I never got a reason  
So I'm gonna go, I'm gonna push myself  
Until I get hospitalized

I love the sympathy from all of my friends  
I wanna feel the hurt so I don't have to pretend  
I wanna hear them ask me if I'm okay ("Are you okay?")  
That's all I really want them to say

Do you think I can make It?  
It ain't too far away, but  
How the fuck I'd go back?

'Cause I feel like I'm broken  
But I never got a reason  
So I'm gonna go, I'm gonna push myself  
Until I get hospitalized  
Yeah, I feel like I'm broken  
But I never got a reason  
So I'm gonna go, I'm gonna push myself  
Until I get hospitalized

Based in nutrition  
Tasty and delicious  
Exceptionally vicious  
Everybody feels it

'Cause I feel like I'm broken  
But I never got a reason  
So I'm gonna go, I'm gonna push myself  
Until I get hospitalized  
Yeah, I feel like I'm broken  
But I never got a reason  
So I'm gonna go, I'm gonna push myself  
Until I get hospitalized
