

I told you, baby, how I feel  
One word can close this deal  
Baby, be my queen of hearts  
Please gimme that love you've got  
A-won'tcha say yes?, don'tcha say no  
Make me feel good, kiddio

Maybe I'm just wastin' time  
Can't get you off my mind  
You could make me feel so good  
I know you could if you only would  
A-won'tcha say yes?, don'tcha say no  
Make me feel good, kiddio

I wrote you a six-page letter  
I called you on the phone  
But you started talkin' 'bout the weather  
Kiddio, don'tcha know that's wrong?

I can't stand this playin' 'round  
Help me up, don't let me down  
Kiss me baby, tell me so  
If you love me, let me know  
A-won'tcha say yes? don'tcha say no  
Make me feel good, kiddio

I wrote you a six-page letter  
I even called you on the phone  
But you started talkin' 'bout the weather  
Kiddio, don'tcha know that's wrong?

I can't stand this playin' 'round  
Help me up, don't let me down  
A-kiss me baby, tell me so  
If you love me, let me know  
a-won'tcha say yes?, don'tcha say no  
Make me feel good, kiddio

Make me feel so-uh-oh oh good, so, so good, kiddio
