

Nasty

Brooke Candy

Oh he's so pretty
He think he run this city
He be driving a Benz
But he can't pay his rent
No he'll never admit it
Oh he's so sweet
Sweep you right off your feet
And right into his bed
Try to get in your head
But he never wanna eat

She told her mama they just friends
Told her sister they ain't met
Told her girlfriends she struck gold
Uh huh, he's tall, dark and rich
She told me all about it
I started shaking my head
She knew just what was coming
This is all that I said
Brooke

Don't kiss that hoe he nasty
Almost put one past me
Got my homegirl last week
Nasty, nasty
Don't kiss that hoe he nasty
Almost put one past me
Got my homegirl last week
Nasty, nasty

Girl, you should've listened
But you just had to let him finish
It took a minute and half
Record time on your ass
Like a damn magician
Yeah, you gotta understand
That this ain't a grown man
He took a teenager to prom
Got a couple baby mom's
But he single on the gram

She told me all about it
I started shaking my head
She knew just what was coming
Like I already said

Almost put one past me
Got my homegirl last week

Almost put one past me
Got my homegirl last week

And if he roar like a lion he gon' tiger your ass
So if you see him creeping baby watch your back
