

# In The Game Of Love

Brownstone

Chorus1

In the Game Of Love

You either win or lose

But you have to face the truth when you play the game of love

In the Game of love

There's a chance you have to take

If you think your heart should break(should break)

When You Play The game Of Love(2xs)

1st Verse

Oh it is amazing,how close to you I feel sometimes I wonder I wonder if it's

Real----

Or could we be lovers or just the best of friends

Or is this just a story that's coming to an end

Chorus1

2ndVerse

If I had the power,I would reach into your mind and try to find the answers

That your heart could never find

You see I'm only human,i musta fallen for your spell but baby for the future I

Guess only time will tell---(oh oh)

Bridge1:

I remember mondays(Mondays that were spent in June)

Memories that were gone too soon

Where did they go? Gone away, or will they come back to stay?

Should I wait(Should I wait in vain) Or will I find another day of pain

What should I do?What will it be

Or is this just a fantasy?-----

Chorus1

Bridge2

I don't want to play the game of love no more,,I've played the game of love

Before(played the game,played the game of love)

See I don't wanna play the game(Play the) of love no more,I've played the

Game(play the) of love before

Played the game,played the game,played the of love(2xs)
