

# Put Our Hearts Together

Bruce Cockburn

Don't need the everlasting trade expansion  
Don't need the cold white heroin breath  
Don't need Pizzarro or the Inquisition  
No berserk worship of a hero's death  
Don't need reactionary politicians  
Don't need the gunfight at the O.K.  
Don't need no Reverend Paisley hate-masturbation  
Don't need no Jihad or no IRA

We need to put our hearts together  
Set up a rhythm in combination  
And if we put our hearts together  
We get a rhythm that will shake creation

Who needs supremacy of pink people  
There's no such thing as a pure racial strain  
It takes all colours to make a rainbow  
Takes every part to make a working brain  
The whole of history is a growing together  
If you want pure, you're gonna have caves again  
Anyway who needs a geek like the Grand Dragon  
So full of shit his breath makes acid rain

We need to...

Woman-in-kitchen, man-in-palace  
Worshipping the performance of the phallus  
Gaming for power till their hearts grow callous  
As if a human's just an animal with malice  
Limp lance, phallocrat, finger on the trigger  
God ahead and stay small while everything gets bigger  
It's a bully's game and I don't want to play  
Why don't you think about the better way

We need to...
