

To Fit In My Heart

Bruce Cockburn

Endless silver
Wave forms crash in
Sea's too big to fit in my heart
Nothings too big to fit in my heart

Seas come, seas go
Where they stood deserts flow
Time's too big to fit in the brain
Nothing's too big to fit in my heart

Spacetime strings bend
World without end
God's too big to fit in a book
Nothings too big to fit in my heart
