

# I Can't Breathe

Bruce Kulick

Your fingers working to the bone  
Your sounds of magic shakes my soul  
If you knew what's on my mind  
My heart keeps beating out of time  
Can you give me some kind of sign

Chorus

I can't live without you  
I can't breathe  
I'm going blind without you  
Can't you see

You reach me in my deepest dreams  
We laugh and play it's all so real  
Your music's in my head  
My life is in your hands  
My flame is pure is that a crime

Chorus

Bridge

Rain keeps falling from the sky  
My world is drowning I can't lie  
Your star is burning in my eyes  
But my love for you won't ever die
