

Fearless

Bryan Adams

It's 3 am and I'm lying here next to you
What cha gonna do?
Will you tell a story when he asks you where the hell
You've been
Or will you tell the truth?

I ain't holdin' back I know where I stand
You just want to be with you
Ya gotta face the fact bay i'm your man
I've gotta get it through to you
I'm fearless

You don't have to hide you don't have to share half your
Life
With some other guy
Baby we're so strong - and it's been going on so long
It's time to make it right - want you to spend the night

I ain't holdin' back - i know where i stand
U just want to be with you
Ya gotta face the fact - bay i'm your man
I've gotta get it through to you
I'm fearless
