Don't Want to Know

I want to be just everything More than you need I want to hear you call Nothing but me I'd be lost on my own A bird on the wing Heaven knows like a bird I see everything Don't want to know Don't want to know I want to play on night to night The world on a string You look at me And I wonder what goes on All that money could buy All of those things I could never be sure Where to begin Don't want to know Don't want to know Don't want to know Don't want to know Friday night in the rain Somebody new Better now babe never Take it from me I got nothing but no So many times Hold it out to me now Broken in two Don't want to know Don't want to know
