

New Town

Bryan Ferry

New town
There's a place
A mad affair
In a new world
Heaven sent
A life that's made for us
Out of luck
Out of touch
Out of love
No concrete jungle
Dancing feet
Cul-de-sac of desire
Is in itself
Destroying me
I've got to live it down
Don't want to dwell in history
That's why I'm leaving now
New town
There's a place
To do or die
In a new world
Heaven sent
A life that's made for us
Out of luck
Out of touch
Out of love
No laughing boys
Forbidden dreams
No willow weep
For me now
The shadow hanging over me
I've got to tear it down
New town - calling me
