

# Shameless

Bryan Ferry

I can read your lips  
I can read your mind  
It's all I want to hear  
why am I so blind?

And the way we were  
Fatefully entwined  
In a shameless world  
Rock 'n' roll desire

All the things you are  
In a single word  
Famously inspired  
Privately absurd

And the way we were  
Fatefully entwined  
In a shameless world  
Rock 'n' roll desire

And the days go by  
Morning noon and night  
Permanently wired  
To a simple life

And the way we were  
Fatefully entwined  
In a shameless world  
Rock 'n' roll desire
