

## Mercury and Solace

BT

Vibes  
Only you are my happiness  
My memories  
Lovely voices

Nightfall, I'll meet you  
Seeds of desire absolve  
There's no going back  
Losing control

As the morning creeps up  
And looking for the shade  
In your embrace  
My grieving says

Reach out for me, reach out  
Reach out for me, reach out

I know you're, you're there

Reach out for me, reach out  
Reach out for me, reach out

I may go with you  
Lovely voices  
Lovely voices

Reach out for me, reach out  
Reach out for me, reach out

Reach out for me, reach out  
Reach out for me, reach out

Reach out for me, reach out

I savor every moment  
I'll savor every moment  
You're precious  
You're precious to me

Reach out  
Reach out
