

# Pay Attention

Bubba Sparxxx

Pay attention (Pay attention, pay attention)

Pay attention when I'm pullin' up at the traffic light  
In that muddy Chevrolet, cooler full of Natural Light  
Pay attention, pay attention (Hey, hey, hey, hey, hey)  
Pay attention, pay attention (Hey, hey, hey, hey, hey)  
Pay attention when I'm layin' down that 12 point buck  
Then I skin him when I'm finished cook that tenderloin up  
Pay attention, pay attention (Woo, woo, woo, woo, woo)  
Pay attention, pay attention (Woo, woo, woo, woo, woo)  
Pay attention when I'm talkin' I ain't into wastin' words  
And a big country woman, that's wha Bubba K prefers  
Pay attention, pay attention (Yeah, yeah, yeah, yeah, yeah)  
Pay attention, pay attention (Yeah, yeah, yeah, yeah, yeah)  
Pay attention to me dominating a game of corn hole  
While I'm drinkin' on a Natty colder than the North Pole  
Pay attention, pay attention (Damn, damn, damn, damn, damn)  
Pay attention, pay attention (Damn, damn, damn, damn, damn)

Pay attention to the words, soak up everything you heard  
Look at how we do it, tell me what did you observe?  
We ain't from the city, and nah, we ain't from the burbs  
We came up from the mud and we represent the dirt  
Pay attention to the words, soak up everything you heard  
Look at how we do it, tell me what did you observe?  
We ain't from the city, and nah, we ain't from the burbs  
Pay attention  
We came up from the mud and we represent the dirt

Pay attention when my mama's fussin', she will slap you silly  
And if you disrespect my brother, well then you'll just have to kill him  
Pay attention, pay attention (Hey, hey, hey, hey, hey)  
Pay attention, pay attention (Hey, hey, hey, hey, hey)  
Pay attention to that mud hole, your truck will get so stuck  
That you just abandon it, now wouldn't that just be your luck  
Pay attention, pay attention (Woo, woo, woo, woo, woo)  
Pay attention, pay attention (Woo, woo, woo, woo, woo)  
Pay attention to them large mouth we pullin' out the lake  
And if we pass the catch limit that's a law we're 'bout to break  
Pay attention, pay attention (Yeah, yeah, yeah, yeah, yeah)  
Pay attention, pay attention (Yeah, yeah, yeah, yeah, yeah)  
Pay attention to me thankin' Jesus before I go to sleep  
Then I'm beggin' for forgiveness. pray to Him my soul to keep  
Pay attention, pay attention (Damn, damn, damn, damn, damn)  
Pay attention, pay attention (Damn, damn, damn, damn, damn)

Pay attention to the words, soak up everything you heard  
Look at how we do it, tell me what did you observe?  
We ain't from the city, and nah, we ain't from the burbs  
We came up from the mud and we represent the dirt  
Pay attention to the words, soak up everything you heard
