

New Generation

Bubbles

Music, make-up.
MTV.
Can drive your Daddy crazy.
Girlfriends, boyfriends, telephone
they're saying that kids are lazy.
Peanuts, popcorn, videos,
don't wanna talk about the news. Inline, online.
Kiss or no.
We ain't got nothing to lose.

We can drive you wild, we got lots of style.

We're the New Generation,
you gotta get along with us.
We're the New Generation. So make it OK with us.
Just look around you everybody's having fun.
We're the New Generation.
You gotta get along with us.

Coming, going, always late.
Many hours in the bathroom. Play my CD.
Way too loud.
Even though I'm not supposed to.
Peanuts, popcorn, videos
don't wanna talk about the news. Inline, online.
Kiss or no.
We ain't got nothing to lose.

Hey. We can drive you wild, we got lots of style.

We're the New Generation,
you gotta get along with us.
We're the New Generation. So make it OK with us.
Just look around you everybody's having fun.
We're the New Generation.
You gotta get along with us.

We can drive you wild, we got lots of style.

We're the New Generation,
you gotta get along with us.
We're the New Generation. So make it OK with us.
Just look around you everybody's having fun.
We're the New Generation.
You gotta get along with us.

You gotta get along with us.
So make it OK with us. You gotta get along with us.
New Generation, you gotta get along with us.
