

Blue Christmas Tree

Buck Owens

Dream is the color and joy it should be but I've got a blue blue Christmas tree

You took the happiness God gave you and me

And all you left for Christmas is a blue Christmas tree

Beneath it sets of package addressed to me from you

That I'm afraid to open I know it contains the blues

But merry Christmas darling wherever you may be

And I hope you will never have a blue Christmas tree

Beneath it sets of package
