

She's part of my pages, she's the one that's gonna make me crazy,
What if I'm in love, so what if I am?
I'm hiding desire, it's like I'm walking on a high wire,
What if I'm in love, so what if I am

Lost, uncertain, I feel good with you,
You feel it, said hopeful and true.
You tangle, I'm trapped and I'm blue
You, nobody sees through the secrets, the real you
But I know, cause I've seen you.

She's certain, she's stable, we're gonna take it to a higher level,
What if I'm in love, so what if I am?
I'm not gonna deny it, she's on my mind every single moment,
What if I'm in love, so what if I am

Lost, uncertain, I feel good with you,
You feel it, said hopeful and true.
You tangle, I'm trapped and I'm blue
You, nobody sees through the secrets, the real you
But I know, cause I've seen you.

I feel good when I'm with you,
Brand new, case it blast the shadowed
I see things with a different view
And you reign cause you know how to get it aside.

What if I'm in love, so what if I am?
Maybe I am

Lost, uncertain, but I feel good with you,
You feel it, said hopeful and true.
You tangle, I'm trapped and I'm blue
You, nobody sees through the secrets, the real you
But I know, cause I've seen, I've seen you.
