

# Fist Fuck

Buckcherry

It goes f\*ckin' faster!  
Fist f\*ck!

One more crime and one more dead  
Lyin' in the riverend  
(This is what you wanted, this is what you needed)

Tie one on and tear it down  
Let the bullets fly around  
(This is what you wanted, this is what you needed)

All these things keep showing off  
It's not a dream, it's the fist f\*ck  
(This is what you wanted, this is what you needed)

Buried deep down in a rot  
It's not a dream, it's the fist f\*ck  
(This is what you wanted, this is what you needed)

Ahhh... Ahhh...

Friends are just your enemies  
Money is what makes you weak  
(This is what you wanted, this is what you needed)

You're so sick and you're throwing up  
Do what you can to make it stop

All these things keep showing off  
It's not a dream, it's the fist f\*ck  
(This is what you wanted, this is what you needed)

Buried deep down in a rot  
It's not a dream, it's the fist f\*ck  
Fist f\*ck  
Fist f\*ck  
Fist f\*ck

Oh, yeah

(This is what you wanted, this is what you needed)  
(This is what you wanted, this is what you needed)  
This is what you wanted, this is what you needed  
This is what you wanted, this is what you needed

All these things keep showing off  
It's not a dream, it's the fist f\*ck  
(This is what you wanted, this is what you needed)

Buried deep down in a rot  
It's not a dream, it's the fist f\*ck  
(This is what you wanted, this is what you needed)  
This is what you wanted, this is a fist f\*ck!
