## Time Bomb

## Buckcherry

The minute I'm at the backdoor that's the minute there's complication The second I'm in the action another bonafied bad creation When it goes down they come around money, greed, the faces When it falls down they won't be found the spotlight queen chas in It's coming for you it's coming for me life ain't nothing but b itches and money Nothing to loose nothing for free can't stop now I got bitches and money It's a time bomb The moment I hit the bedroom that's the moment I'm activated The token I spend to floor ya the less I want to know ya

The longer I get before ya puts out a blast like a super nova And if you want a roller coaster just take a slow ride on my sh otgun

Bitches and money!
