

Alibi

Bucks Fizz

Criminal, criminal fun
Irresponsible things I have done
Terrible trouble I'm in, into
Evidence, evidently
Is up against, up against me
Positive identity, you see

Investigations close behind
It won't be long
Before they're finding you

Alibi, Alibi
Gotta find the man that holds the truth
And every night I keep out of sight
Out of view

Well I'm out on the run
I can't turn back
Searching for clues
To find the right track
Out on the run
'Til I find my alibi

Innocent, innocently
It's impossible
They'll find you guilty
Nothing left
Gonna have to hide
From view

And keep the secret, go to ground
Play it down
You won't be found around

Alibi, Alibi
Gotta find the man that holds the truth
And every night I keep out of sight
Out of view

Well I'm out on the run
I can't turn back
Searching for clues
To find the right track
Out on the run
'Til I find my alibi

Alibi, Alibi
Gotta find the man that holds the truth
And every night I keep out of sight
Out of view

Well I'm out on the run
I can't turn back
Searching for clues
To find the right track
Out on the run
'Til I find my alibi

Alibi, Alibi
Gotta find the man that holds the truth
And every night I keep out of sight
Out of view

Well I'm...
Out on the run
I can't turn back
Out on the run
To find the right track

Out on the run
I can't turn back
(Out on the run)
Out on the run
I can't turn back
(Out on the run)...
