

Now You're Gone

Bucks Fizz

No more lies
No more ties
No more silly ways to criticise
No more dreams
That never turn out right
No more love
Left to show
Lonely tears
That say I need you so
How I've cried
I guess you'll never know

And it doesn't feel like Christmas
Now you're gone
'Cause I never ever thought
Of spending Christmas alone
These winter nights seem so long
Where did our love go wrong?
'Cause it doesn't feel like Christmas
Now you're gone
Now you're gone

Times to live
Times to cry
We tried to love

When love had died
Changing the way we felt inside
Nothing tried
Nothing gained
No more sun
It always rains
After all
I miss you just the same

'Cause it doesn't feel like Christmas
Now you're gone
And I never ever thought
Of spending Christmas alone
These winter nights seem so long
Where did our love go wrong?
'Cause it doesn't feel like Christmas
Now you're gone

It doesn't feel like Christmas
Now you're gone
It doesn't feel like Christmas
Now you're gone
