

Pulling Me Under

Bucks Fizz

I've fallen for you
There's no doubt about it
But you don't seem to know
Though I keep on telling you so
My love

My feelings for you
They just seem to hurt me
Oh if you only knew
All the pain you're putting me through
My love

I didn't think that I could love in this way
Don't ever think that it'll go away
Oh no, I can't let it go

You're pulling me under
I think I'm going down
Pulling me under
Gonna drown in emotion
Pulling me under
Go-o-ing down
Pulling me under your spell
Pulling me under your love

Forever I try with no guilty feelings
Still I do anything
Lie at you as long as I win
Your love

I didn't think that I could love in this way
Don't ever think that it'll go away
Oh no, I can't let it go

You're pulling me under
I think I'm going down
Pulling me under
Gonna drown in emotion
Pulling me under
Go-o-ing down
Pulling me under your spell
Pulling me under your love

You're pulling me under
I think I'm going down
Pulling me under
Gonna drown in emotion
Pulling me under
Go-o-ing down
Pulling me under your spell
Pulling me under your love...
