

# Don't Wait

Buddy Miller

Well I been so wrong  
Brought lots of suffering on  
And it's been so long  
Since I walked right and strong  
Just look at me so lost and weak  
Heed my warning when this fool speaks

Well I hate to see your sun sinking down  
And the path you take while you're losing ground  
There's precious time to change your ways  
Don't drag along while it's getting late

Don't wait don't wait  
Don't wait it's late  
Don't wait don't wait  
Don't wait don't wait don't wait don't wait

Temptation will rust  
Crawls in with the fog  
Eats away at your trust  
Mean as a wild pack of dogs  
Uses you up throws your life away  
Don't let it win for another day

Don't wait don't wait  
Don't wait it's late  
Don't wait don't wait  
Don't wait don't wait don't wait don't wait

Now I'm praying for strength  
To get one last try  
From mercy's cup to drink  
Before it's time to die  
And all the wicked they best  
Start to change their ways
