## Hot as a Docker's Armpit

Oh yeah Going down to the town I've gotta f-f-f-find where I've gone Anyday, anyway I've gotta d-d-d-do it alone Gotta go and I know That I will never, never leave her alone She's a whore at her door That I could never, never, never ignore

I don't know what you are, Will you hold my hand I don't know what you are, Help me understand You will understand

She's as hot as a docker's armpit She's as hot as a docker's armpit She's as hot as hey, hey, hey yeah! Budgie
