

# Riding My Nightmare

**Budgie**

Take the water from my brain  
And make me feel at home  
Not to feel alone  
And every time I look behind  
I keep on thinking black  
There ain't no looking back

Riding my nightmare  
Riding my nightmare  
Riding my nightmare

And it won't be long  
You will find me there  
Hold the water from the well  
And wipe my sweat away  
You know it hard at bay  
Ease your mind with better choice  
And then in time to come  
Think I'm me as one

Riding my nightmare  
Riding my nightmare  
Riding my nightmare  
And it won't be long  
You will find me there.
