

## Eyes of Amber

Buffy Sainte-Marie

Eyes of blue  
Or eyes of green  
Eyes of amber  
Eyes of starlight  
Have come again as they have  
Come before  
Heart of fire light  
Heart of the flowers of the  
Jungle  
Heart of snow  
You come again and you are  
Midnight wind  
With hands of  
Moon beams  
And clouds  
And call me  
"Come"  
To you  
And though I never know you  
Wistful lover  
Until you're gone  
You're here to teach me  
How to love  
A dream of loving love  
Breath of jasmine  
Breast of silk  
Breast of music  
The desert sands  
That take my tears  
Are of your magic too  
Eyes of blue  
Or eyes of onyx,  
Eyes of amber  
Eyes of starlight  
You come again as you have  
Come before
