

Unashamed

Building 429

I am unashamed
I am unashamed

I've been down and broken
But I believe what you've spoken
You make all things new
I've witnessed your mercy
Stirred up all of your glory
And none compared to you
I can't help but speak of the things you've done

So let my life proclaim
I am unashamed

I won't hide your name
So all the world will know
That you
You are all that I live for
Jesus
I am unashamed

Where your hands are reaching
Is where you'll always find me
'Cause your love makes me move
To speak the words you're speaking
To be the hope the world has needed
In everything I do
Here in the light of what you've done
Let my life proclaim
I am unashamed

I won't hide your name
So that all the world will know
You're all that I live for
Jesus
I am unashamed

So let the waters rise
Let the mountains shake
We lift our anthem high

So let the waters rise
Let the mountains shake
We lift our anthem high
Unashamed

So let the waters rise
Let the mountains shake
We lift our anthem high
Unashamed

So let the waters rise
Let the mountains shake
We lift our anthem high
Unashamed
I am unashamed

I won't hide your name
So that all the world will know
That you
You are all that I live for
Jesus
I am unashamed

I will shout your name
So all the world will know
That you
You're all that I live for
Jesus
I am unashamed
