

## Some Other Song

**Built to Spill**

I can't wait to get back home to you  
Talk about the things that we've been through  
There is nothing I would rather do  
Something's gotta happen pretty soon

And it's some other song

I don't know exactly what you do  
You are all I ever thought I knew  
I can live without this feeling blue  
I can live without it, how about you?

And it's some other song  
Yeah it's some other song

I don't know how to never fall apart  
Please tell me how to never fall apart  
No matter how you ever fall  
And it's some other song

I don't know how to never fall apart  
Still wondering how to never fall apart  
No matter how you ever fall  
And it's some other song  
Yeah it's some other song
