

A Place Where You Belong

Bullet For My Valentine

You're gone, you're gone

Your body's cold, hope is lost, I can't let go
Can I die with you so we can never grow old?
Cut the ties, cut the ties with this note you left behind
As I read the words I hear you telling me why

Too late, too late, I never said goodbye
Too late, too late, can't even ask you why
And now I'm wasting away in my own misery
I hope you're finally gone to a place where you belong

My sadness shows as your name is carved in stone
Can't erase the words so the reality grows
I wish I'd died on that night right by your side
So just kill me now and let the good times roll

Too late, too late, I never said goodbye
Too late, too late, can't even ask you why
And now I'm wasting away in my own misery
I hope you're finally gone to a place where you belong

Will you wait for me? Will you wait for me?
Will I see you on the other side?
You don't have to wait too long, yeah, yeah
Will you come to me? Will you come to me?
Will you take me to the other side
'Cause here I don't belong

Too late, too late, I never said goodbye
Too late, too late, can't even ask you why
And now I'm wasting away in my own misery
I hope you're finally gone to a place where you belong

I never said goodbye, oh, can't even ask you why
I'm wasting away in my own misery
I hope you're finally gone to a place where you belong
