

## Down and Out

Bullet

I'm on my way to a paradise hell  
I wanna go, cause I know  
I know the crooks and I know what they sell  
I want it all, I wanna crawl

I wanna go where the moon shines all night  
Where the wolf's howl till morning light

Cause I'm down, down and out  
But I'm still on my feet, spinning around  
And I'm down, down and out  
Spinning round and round and round

Hey pretty baby, Can I follow you ??  
Let me know, I wanna go  
We can do it all before the evening is through  
You wanna know, I'm gonna show

I'm gonna show you where the moon shines all night  
And by the morning I'll be out of sight

I'm in a daze  
I'm nowhere bound  
Stuck in a haze  
My feet don't touch the ground
