

# Tornado

Bullet

Got you caught in the eye of the storm  
Listen up and be warned  
Feel the ground shake like an earthquake  
This night is mine for me to take  
Right now we turn it up  
You better hold on to what you got

The world starts to spin

I'm high up in the sky  
Tornado  
You're caught in my eye  
Tornado  
Sparks begin to fly  
Tornado  
I twist and I turn I'm a  
Tornado

Stand back, watch it all turn to waste  
As I stir the sky up in a haze  
Feel the earth rock, it's a battle shock  
Spin around, twisted mind like a warlock  
Kicked down, tough luck  
You gotta hold onto what you got

The world starts to spin  
Let the rampage begin

I'm high up in the sky  
Tornado  
You're caught in my eye  
Tornado  
Sparks begin to fly  
Tornado  
I twist and I turn I'm a  
Tornado
