Tear It Down

Burn Halo

Yeah oh

Listen up, think it's time that we started talking
About everything that's going down
Can you see it too? They never seem to tell the truth
Listen up, 'cause I know the tension's sinking
Is it you they're always bringing down?
Now it's time they lose
We'll take it back
We'll run 'em all right through

Built it up, tear it down now
Build it up, tear it down
We ain't taking no more

Built it up, tear it down now
Build it up, tear it down
We ain't taking no more

Why were we fighting?
When we don't have time to let go
Now we're ready to go!
Why were we fighting?
When we don't have time, no, we don't have time
So let's go!

Give it up, think it's time that you started praying
Can't have another wasted life
You're not so concerned
You're selling out the blood you earned
Give it up, I can feel your anger rising
Feel the smoke that has been blinding eyes
Now the tide has turned
You'll breath the ash from bridges that you burned

Built it up, tear it down now
Build it up, tear it down
We ain't taking no more

Built it up, tear it down now
Build it up, tear it down
We ain't taking no more

Why were we fighting?
When we don't have time to let go
Now we're ready to go!
Why were we fighting?
When we don't have time, no, we don't have time
So let's go!

I know I can
I know I can
I know I can be free
I know I can
I know I can
I know I can be free

Why were we fighting?
When we don't have time to let go
Now we're ready to go!
Why were we fighting?
When we don't have time, no, we don't have time
So let's go!
