

# Falling

## Burn Season

I'm not falling down  
I'm falling away  
Theres nothing left  
Nothing to say  
I'm wanting more  
I want to bide  
Don't really care  
It's time to bribe

I cant hold on any longer  
I'm falling down  
It slips away  
Trying harder  
Falling further down

Cause I cant fight this  
Something to live for  
Want this  
Something you want more  
I cant fight this  
I cant live for this  
Fuck this  
If you want to believe in  
Not this  
Try not to fall in  
But you cannot see me

I cant hold on any longer  
I'm falling down  
It slips away  
Trying harder  
Falling further down

Face down in the dirt again  
I cant believe I've done this to myself  
I've tried so hard to fight the pain  
It takes me down where you save me

Why now?  
You lied  
I know you said  
That you're done

I cant hold on any longer  
I'm falling down  
It slips away  
Trying harder  
Falling further down

I cant hold on any longer  
I'm falling down  
Trying harder  
Falling further down
