

# Thuggin

**Burna Boy**

I don't know no better  
Grind to get my bread up  
This life done took my brothers  
But I... I'm still thuggin' anyway  
Oh I... I don't know no better  
Grind to get my bread up  
This life done took my brothers  
But I... I'm still thuggin' anyway

Pop up all the bottles up in the club tonight  
Excuse me if I take a lot of drugs tonight  
Ride with my niggas fuckin' wrong or right  
If I see the ops you know it's on sight  
I know pain and suffering  
Nobody gave me no apologies  
I don't care no more  
I don't wanna talk  
Get my bread and go  
Don't respect the law  
Please don't get involved  
You should do the right thing, cos

I don't know no better  
Grind to get my bread up  
This life done took my brothers  
But I... I'm still thuggin' anyway  
Oh I... I don't know no better  
Grind to get my bread up  
This life done took my brothers  
But I... I'm still thuggin' anyway

I just sneaked in through the back door cos I know  
I ain't welcome by these assholes [?]  
Came up off the back bro dead broke  
Only option was to sell dope and rob folks  
That was me oneway and gambo my fam tho'  
Rest in peace to gambo my bro  
My mind fucked up but my feet stay ten toes on my sole  
I'm from where you can't go  
You should do the right thing, cos

I don't know no better  
Grind to get my bread up  
This life done took my brothers  
But I... I'm still thuggin' anyway  
Oh I... I don't know no better  
Grind to get my bread up  
This life done took my brothers  
But I... I'm still thuggin' anyway

If a nigga say pull up I'm pulling up, I'm pullin' up  
They say they shooting but they never hitting us, hitting us  
Goddamit told you I don't give a fuck, give a fuck  
[?] I shoot them up  
If a nigga say pull up I'm pulling up, I'm pullin' up
