

# The World Denied

**Burst**

So I remain the misanthrope  
The words I spoke left unheeded  
No lesson learned, no will to hear  
You never knew what you needed

The world denied  
Mockery my reward  
This world deprived  
Of it's essence

So I guess I'll try my best  
No need to maintain the lie  
Your eyes and ears sewn tight shut  
Your stagnant vision prevails

That's when I wanted it to end (coward)  
That's when I wished for release (coward)
