

Out Of This World

Bush

Bm **G**
When we die, we go into the arms of those

Bm **A**
Who remember us, we are home now

G **A**
out of our heads, out of our minds,

G **Bm**
out of this world, out of this time.

Bm

G **Em**
Are you drowning or waiving, I just want you to save me,

A **G**
Shall we try to get along, just try to get along

Bm
so we move

G **Bm**
We change the speed of choices that we make

A **G**
And the barriers are all self made

Bm
That's so retrograde

Bm

G **Em**
Are you drowning or waiving, I just need you to save me,

A **G**
Shall we try to get along, just try to get along

Bm G Bm G Bm G

Bm G

Bm
I'm alive, I'm awake to the trials of confusion we create,

A **G**
There are times I feel the way we're about to break,

A
but there's too much to save

G

A
We are home now,

G **A**
out of our heads, out of our minds

G
out of this world,

Bm
Out of this time (4x)
