I-iiii-iiiih, I never thought
Thaaaaaaat I, could fiiiind (excuse me miss)
Someone, so special (can I have a word wit'chu baby)

Miss can I get a second to speak and quietly mention That I am so into who you are, can I get your attention My observations of you creates conversations for you And if you got a little time, I got the patience for you Okay? Good, you giving me the time to talk? While I figure it out and sort what I'm trying to say, let's walk Just trying to keep it gutter, respectfully I won't stutter Don't you agree, we look better when we walk with each other? I've seen you many times, yes I've encountered many dimes I'm feeling something special with us, it's just one of the many signs I think that we have to look forward to our go-through Any war with you regardless what it is I'm trying to score with you Sometimes I think and wonder especially through rain and thunder If I'd ever find the one to ride when I'm on top or under Until we reach the end, ma with love as I be your friend Oh; here you can take my number, I hope we can speak again

No matter how mister, no doubt I'll die wit'cha Until the end of life, lay down on the ground wit'cha I'll give my life to you; I hope it all comes true Ready to start for you, I give all my heart to you And when together I hope we never fall apart you know Now that it feels so good; our thoughts are understood

I'd like to learn from ya, but I'm 'bout to turn from ya It's been about a week and I ain't even heard from ya Is it something at all or did I just bump in and fall And even though you did I see how you was reluctant to call But it's nothing to crawl before we walk (OOH) listen And it's nothing to stall before we talk - look To tell the truth I'm happy I found you and that I can be around you And thus I'm digging you, I ain't just trying to pound you I'm only trying to crown you and wife you and wedding gown you Regardless what I'm with, shorty seem like she always down to just spend a little time and then CLICK, you know that kind of chemistry The recipe to then SIP, and a little bit of wine Mami I like your kind that light the fireworks and bombs up The type of chick I wanna talk about when I call my moms up Until the love is empty I credit the one who sent me The most BEAUTIFULLEST woman and she riding with me

(I'll do it all) I'll do it all wit'cha, go through any door wit'cha It doesn't matter I will, go against the law wit'cha Just know you live through me; your love is all I need If you ain't know you make me, no one's ever shown you baby Your dedication and commitment got me going crazy Your love so real to me; and that's all that I, can see

This is a thing I wanna feel forever, and I ain't going nowhere Cause you mean so much to me
No matter how my people try to doubt ya, I know the truth about ya It doesn't matter to me
Baby I love you and I always told ya, I'm always here to hold ya

Cause you do so much for me No matter how they try they can't deceive us, nothing can come between us Cause you mean so much to me

Listen; trust me and I will trust you, I ain't into trying to fuss boo Deeper than any lust, I'm only trying to mindfuck you
That's probably why and maybe I can nickname you my baby
Now that you made me a man you're officially now my lady
Despite the stormy weather I cherish your love forever
And nourish everything we have 'til we grow old together
I'll never trick you, mislead or try to be shaky wit'chu
I only wanna make all the rest of my babies wit'chu

No matter how mister, no doubt I'll die with ya Until the end of life, lay down on the ground with ya I'll give my life to you, I hope it all comes true Ready to start for you, I give all my heart to you And when together I hope we never fall apart you know Now that it feels so good, our thoughts are understood

(I'll do it all) I'll do it all with ya, go through any door with ya It doesn't matter I will, go against the law with ya Just know you live through me, your love is all I need If you ain't know you make me, no one's ever shown you baby Your dedication and commitment got me going crazy Your love so real to me, and that's all that I, can see
