

# Salvation Song

By The Tree

There comes a time for everyone, when you've got to take a stand

There is so much more to this life, there's a higher plan

So loosen up your voices and hear the church bells ring

There is a melody that can make the heavens sing

[Chorus:]

I'll sing along

The heavens open up it's the salvation song

(repeat)

Everytime I turn around

There seems to be a frown upon your face

So open up your heart and let the light of joy come in

You can make a decision, it is yours to be made

[Chorus]

Joy to the world, every boy and girl

Joy to the world, every boy and girl

If you're thinking there is a brighter day to come

You are right my friend, there is everyday and then some
