

## Keep Your Head Up

BZN

When Cupid's arrows lose their way towards your heart  
And you feel mad they've let you down  
When wheels of fortune seem to always pass you by  
Your heart's the loser every time

And remember my friend, keep right on till the end  
The darkest hour is right before the dawn

Keep your head up, don't feel blue  
Soon the sun will shine on you  
And one day you will forget your rainy days  
Keep your head up, give a smile  
No more sorrow for a while  
Leave your sad days behind, blowing in the wind

Life it ain't easy, it's a long and winding road  
You struggle with your heavy load

But remember my friend, keep right on till the end  
The darkest hour is right before the dawn

Keep your head up, don't feel blue  
Soon the sun will shine on you  
And one day you will forget your rainy days  
Keep your head up, give a smile  
No more sorrow for a while  
Leave your sad days behind, blowing in the wind

Life's like climbing a mountain high, so high that you  
have doubts  
The distant peak is hiding behind the clouds

Keep your head up, don't feel blue  
Soon the sun will shine on you  
And one day you will forget your rainy days  
Keep your head up, give a smile  
No more sorrow for a while  
Leave your sad days behind, blowing in the wind  
Leave your sad days behind, blowing in the wind
