## If I Feel Love

C.C. Catch

Heaven baby stand the heat It's a danger - love's so deep Follow me in a dream of you, my love Oh, baby baby - you'll win Do you think 'oh, it's a sin ?' Loving me to extasy

If I feel love
I say allright
'Cause I know baby, you make my night
If I feel love
I say okay
'Cause baby ever you hold me
Yes means that you love for ever
You'll dance in heavy weather
No means that I'll be so lonely
'Cause you're the one, the one and only

..... baby will survive You will have a better life Follow me in a dream of you, my love Oh, baby baby - you'll win Do you think oh, it's a sin ? Loving me to extasy
