

# Darkness Call

## Cain's Dynasty

Freed from my chains, but still losing grip  
I feel released, but something's missing  
My love and my lust, her hell's painful hurt  
My life makes no sense without her

Miserable, out of luck  
Your mistress left you behind  
But I can help you take her back...

I would die for her

Join me in the shadows

I'm crawling in darkness  
While I decide...  
Between hell and paradise

Now I know the only way  
Is to accept the darkness gift  
But still I am a servant of God!  
I'll become the prey, I was hunting  
My life will not be the same as before

Abandon your god  
Forget the light forevermore  
You will be a servant no longer

I'll drink from your goblet...

Embrace eternity!

I'm crawling in darkness  
While I decide...  
Between hell and paradise  
I'm crawling in darkness  
Just one choice  
Said and done, said and done...

Losing my humanity, I've given it up  
I am charged with blood and wrath  
I am full of power

Where's my Eva?  
You must find her.  
Where's my love?  
Bring her to me.

My master's blood will be shed!

I'm crawling in darkness  
While I decide...  
Between hell and paradise  
I'm crawling in darkness  
Just one choice  
Said and done, said and done...
