

# The Roots of Mankind

Cain's Dynasty

There is a world behind this world  
There are more things out there  
than you can believe  
Listen what I tell  
I'll show you the truth

The Earth has two souls  
a light side and a dark side  
You may think  
we are the result of an evolution

Some books relate that we were created  
by a divine intervention  
But the roots of mankind didn't grow  
as you think

No one can stop my words  
No one can silence my voice  
Or keep me from looking into your eyes  
I don't want to feel again  
your tears falling down your face  
Changes are very close to mankind  
Come to me I'll tell you more

We were combined, and modified  
to be an enslaved race in this world  
We were designed, and conceived  
In Sumerian texts you'll find the truth

You may think it makes no sense  
You won't even understand  
what I'm talking about  
But listen to me again  
Everything you know is wrong

Now I want you to know the truth  
Forget what you know to find the proof  
They came from Nibiru...  
They are the Annunaki  
They created us

Some books relate that we were created  
by a divine intervention  
But the roots of mankind didn't grow  
as you think

No one can stop my words  
No one can silence my voice  
Or keep me from looking into your eyes  
I don't want to feel again  
your tears falling down your face  
Changes are very close to mankind

When these changes come true  
all mankind will be free

Have you seen what humanity can do?

What will you change?
