

She'll Come Back to Me

Cake

Last night I said to her
I didn't want to live inside a lie.
If she wants him
More than she wants me,
Let this be.
She'll come back to me.
She'll come back to me.
She'll come back.
All day I wait and wait
To hear her footsteps on my walkway.
She never came.
She never even called.
She'll come back to me.
She'll come back to me.
She'll come back.

Somehow I know it won't last.
Somehow I know it won't last too long.

She'll come back to me.
She'll come back to me.
She'll come back to me.
She'll come back to me.
