

## Legacy Of Honour

Cales

the vision of victory must be kept for new youth  
Wisdom of the elder to be passed to those who walk the warrior's path.  
The spirit of the master will dwell for all times  
In the blade to be the heritage of our sons  
You must exert all your strengths and courage  
To make freedom more than a word for the dreamers.  
All the amazing things we've built  
Must not be tread upon by the everyday mob.  
Be strong, no more killing brothers,  
Betrayal of blood will be punished by torture and damnation.  
Permit no more harm to my people.  
Prevent defiling this unique kind.  
May kings and chiefs throne in each memory of their noble deeds  
.  
Brave he who falls, may he find peace and his name be spoken with respect.
