

Bisbee Blue

Calexico

G **Bm** **C** **G** **Bm** **C**
When you can't find the hours Days keep on slipping thru
C/Am **G** **D** **C** **G** **D**
Avenues under construction Blocking out your sky blues
G **Bm** **C** **G** **Bm** **C**
Burried beneath the letters Bills and the junk in the mail
C/Am **G** **D**
Finding the strain to your heart
C **G** **C**
From the troubles down the trail
G **Bm** **C** **G** **Bm** **C**
No sign of your old haunts here Gone with the copper crews
C/Am **G** **D** **C** **G** **D**
Veins mind in vein remind you choices we choose to lose
G **Bm** **C** **G** **Bm** **C**
New cities keep on sprawling Old towns falling too
C/Am **G** **D**
Raining a river of color
C **G** **C** **G**
And it's flowing bisbee blue
C **G** **C** **G**
Straight to you bisbee blue
C **G**
Some say you're this way's the only one that's true
