

## Not Even Stevie Nicks...

Calexico

With a head like a vulture  
And heart full of hornets  
He drives off the cliff  
Into the blue, into the blue

Not even the priestess  
With her wrenches and secret powers  
Could save him from danger  
For a little while, for a little while

Not even she could save him  
Not even she could save him

With a head like a vulture  
And heart full of hornets  
He drives off the cliff  
Into the blue, into the blue

Not even she could save him  
Not even she could save him  
Found him inside the motor
