## Relax

**Calvin Harris** 

Relax I've come away with a panic attack The spinning lights make it hard to react Catch your breath, take your furniture back It's for the taking All these girls are waiting Love's not god forsaking And that's worth celebrating Relax Relax Relax I've come away with a panic attack The spinning lights make it hard to react Catch your breath, take your furniture back Relax I've got the coat and the jackets to match We can replace everything that you lack Take a book and a nicotine patch It's for the taking All these girls are waiting Love's not god forsaking And that's worth celebrating It's for the taking All these girls are waiting Love's not god forsaking And that's worth celebrating Relax Relax Relax It's for the taking All these girls are waiting Love's not god forsaking And that's worth celebrating It's for the taking All these girls are waiting Love's not god forsaking And that's worth celebrating
